

## Most All-American

### **John B. Stetson Kentucky Straight Bourbon Whiskey, USA (\$27)**

The myth of the great Western cowboy is something that has become engrained in the fabric of the U.S. of A., right alongside America's Native Spirit, bourbon. Combining cowboy dreams, water from Kentucky and a proprietary blend of American corn, rye, wheat and barley is John B. Stetson (yes, as in the hat) Bourbon, a whiskey that's as American as John Wayne, and just as ruggedly handsome on the backbar.

*Bright amber color; smooth, lush and silky with lovely sweet vanilla oak; ripe, rich and showing notes of roasted corn, spice and clove; aromatic tea, toasted oak and mouth-filling; generous, layered and balanced with nicely harmonious flavors.*
