London Dry Gin
(Spain; Vision Wine & Spirits LLC,
Secaucus, NJ)
43.9% abv.**

Impeccable clarity; transparent, colorless. Initial whiffs encounter crisp, desert dry, crackling pine needle aromas that invigorate the olfactory machinery; after a few more minutes of aeration, the fresh-off-the-branch juniper berry piquancy stays the course, steering the direction of this very pleasant London Dry from Spain, a gin-loving nation. Entry is supple, nicely oily/viscous, delicately sweet, herbal/botanical; midpalate finds a fruit element emerging, orange or tangerine, I think. Aftertaste echoes the midpalate, in particular, the pleasant texture.

Spirit Journal September 2014:
★★★★/Highly Recommended
