

2014 San Felice • Chianti Classico Riserva Il Grigio

91 Points

This is a dark and deeply saturated wine with a robust and brooding personality. The 2014 Chianti Classico Riserva Il Grigio showcases the more muscular and robust characteristics that are most often associated with the Castelnuovo Berardenga subzone. San Felice has done an excellent job in terms of selecting the best fruit in what is generally seen as a very difficult vintage in this part of the world. The mouthfeel is slightly more streamlined compared to warmer vintages and perhaps the acidity is a touch higher. But overall, the wine stays true to its ambitions and promises.
