

2013 San Felice • Vigorello

91 Points

The 2013 Vigorello is made with Bordeaux grapes (Merlot, Cabernet Sauvignon and Petit Verdot) blended with 35% of the recently rediscovered Pugnitello grape that was once more commonly planted across Central Italy. This is a dark and robust expression that boasts a very sharp and focused aromatic presentation. Like other wines from this classic vintage, this Tuscan red feels compacted and extra tight on the palate. It needs another few years before it fully opens and softens.
