RTD COCKTAILS

100ml CANS, 750ml BOTTLES

In the era of cocktail rooms and craft cocktail bars, we've created a line of ready-to-drink cocktails, featuring our twist on some of the best classic cocktails out there. We've taken the time to carefully create and tailor each individual ingredient so that the finished product is a well-rounded, perfectly crafted cocktail. We've drawn flavors from our existing flavor library of bitters, but also created some new flavors specifically for this line of cocktails (i.e. Fig, Cascara & Rhubarb for the Manhattan).

INGREDIENTS & FLAVOR PROFILES

BOURBON OLD FASHIONED This ready-to-pour Old Fashioned Cocktail, with its blend of four bitters, natural sugar cane juice, hint of cherry, vanilla, chicory and spirited with bourbon, is about as pleasant as we can make it. *It includes a unique combination of Chicory along with our existing Old Fashioned Bitters for an Old Fashioned Cocktail that is complex yet extremely enjoyable.*

ELDERFLOWER MARTINEZ Our Martinez Cocktail is designed to be appreciated by aficionados but also those new to this classic cocktail. This twist on a classic has a pleasant sweetness of pear, tartness of apricot and the subtle aroma of elderflower. *We distill our own unique gin from juniper, coriander, lemon, orange and other botanicals and combine it with our house-made elderflower liqueur for a perfectly crafted drink.*

FIG & CASCARA MANHATTAN This ready-to-pour Manhattan Cocktail is made with Rye Whiskey, Cream Sherry & bitters, elevated with the addition of Black Mission Fig, Cascara Cherry, Vanilla and Rhubarb Root. *We created our own Vermouth for this cocktail by combining Sherry with our own botanical blends (Fig, Cascara, Rhubarb Root) to create the perfect Vermouth for this Manhattan.*

LEMON & LAVENDER MARTINI This ready-to-pour Martini stands apart from the rest. With subtle sweetness and an elegant aroma from lemon and lavender bitters, this is a classic with a twist. *With Vodka and Sherry as the base, we layered in lavender and lemon bitters, which complement each other, and a hint of Bay Leaf. This is a martini that can be enjoyed by those who enjoy both Vodka and Gin martinis, due to the subtle herbal tones that come from the Bay Leaf.*

POMEGRANATE EL PRESIDENTE This ready-to-pour El Presidente Cocktail is one of very few high-proof rum cocktails out there. Our version of this classic Cuban Cocktail has house-made grenadine, made from pure pomegranate juice, and cane sugar. *We combine dried rinds from the laraha orange and fresh sweet orange rinds for a curaçao perfectly suited for this cocktail.*

CHAI WHITE RUSSIAN This ready-to-pour White Russian is just plain fun and a joy to imbibe. Made from Vodka, Midwest Heavy Cream, and the already beautiful botanicals of our Chai'Walla bitters. *It may have been a while since you've had a White Russian, and after this cocktail, you'll probably wonder why.*
