## DASHFIRE BITTERS

VAGABOND SERIES

MADE IN THE USA - net. vol. 1.7oz.(50ml)

### VARIETY

William Cowper said it best in his poem titled, 'The Task' - "Variety's the very spice of life, that gives it all it's flavour." This group of bitters both literally and figuratively embodies that belief, and is at the core of what Dashfire is all about: a passion for travel, spice and experience. These flavors are not just spices in a bottle to us, but more like souvenirs of places we love to explore and the memories they conjour up. You too might have a connection with these locations and we hope these bitters remind you of them.

### MOLE

This wonderful chocolate, spicy and slightly savory bitter was specifically designed to compliment tequila and mezcal cocktails but also tastes great with bitter orange Campari cocktails. It can bring flavor as a bitter or culinary partner, bringing the kitchen to the bar and the bar to the kitchen.

### MR.LEE'S

...was the name my students in China gave me when I was teaching there. The flavors are one of a kind but mirror the flavor of Chinese five-spice. All of my favorite Chinese spices are found here: ginger, galanga, mandarin, lemon grass, sichuan peppercorn, star anise and many more.

### CHAI'WALLA

Inspired by our time in India and Sri Lanka this bitter is full of spices. Made with black tea, ginger juice, cardamom, cinnamon, clove and black pepper the flavor will transport you straight to the street chai'walla tea vendors of India. Add a few drops to a cocktail or to a glass of milk and sugar.
