

THE TWEEDDALE GRAIN OF TRUTH

Single Grain Scotch Whisky

Grain of Truth challenges current Scotch Whisky convention. Our aspiration is to prove the truth is out single grain can be very bit as good as a single malt.

Made from an uncommon composition of 50% wheat and 50% malted barley, the whisky is matured in bourbon barrels and finished for nine months in fine Oloroso sherry hogsheads.

TASTING NOTES:

Nose - Rich and warming honey, peach and orange notes. Touch of dark chocolate and cognac.

Palate - Orange, milk and dark chocolate. Balanced Oloroso notes.

Finish - Dry and spicy.

Food Pairings - Italian style antipasti (meats, creamy cheese, olives) as the fruit and sweetness of the sherry and drying note of the wheat work well with rich flavours, or the savoury olive flavour. With a chocolate brownie or double chocolate cookie. The oloroso sherry richness makes it a decadently rich pairing.

ABV - 46% Non-Chill Filtered
