Total US Release: 198 bottles

TAMNAVULIN DISTILLERY PROFILE

Region: Speyside
Founded: Tomnavulin, Ballindalloch, Banffshire, 1966
Current Capacity: 4 MLPA
Owner: Whyte & Mackay Ltd Note: notes of heather, malt, fruits and spices and with a hint of smoke the Tamnavulin is a very typical example of a light and aromatic Speysider.

FROM DAVIDE ROMANO, OWNER of VALINCH & MALLET

"Nose: cotton candy, gummy bears, vanilla and sweet bakery.
Palate: macadamia nut, butterscotch and mascarpone cheesecake.
Finish: medium with macadamia nuts again, and sweet malty notes.

"A rather unknown distillery that can actually surprise quite often especially when the cask is able to do its job from the beginning (i.e. it's a good cask!). It very much reminded us the super fruity character of a Glencadam we bottled in the past but with more spices, the perfect combination of sweetness and complexity."
